

DISTRICT NEWS

WETASKIWIN.

On Monday evening the most exciting game on record for Wetaskiwin was played at the oval. It was the return game between Canmore and the home team. The match was delayed for almost an hour on account of a heated discussion over the umpire, Canmore declaring that umpire Gough, of Edmonton, was allowed to act, the game was off. Finally the home team yielded the point and the game proceeded. It was very closely contested and the excitement among the onlookers knew no bounds. There were over 1500 persons from Canmore alone, the visiting team made two runs before the home team scored at all, and at the end of the game the score stood 21 in favor of Canmore, this being the first Canmore has ever taken from Wetaskiwin.

Charles Ott and family, who have been visiting in Sweden for several months, returned to their home here last week.

The long-delayed opening of the new C.P.R. station finally took place before the rush of holiday visitors. The new building presents a very fine

appearance and is most conveniently arranged.

Mr. and Mrs. Alvin Barnard, of Dayburg, who are the guests of Mrs. C. E. Bailey during the holiday.

Miss Ellis, two children are suffering from scarlet fever and the house is in quarantine.

Miss Jagger and Miss Brown, of the Edmonton public school staff, were the guests of Mrs. H. K. Hagg during the holiday.

The musical concert given by the hockey company last evening in the Angus Opera House was one of the best ever given in the season. A very one was delighted with all the selections rendered. Miss Leane Ricciani in "Sousholy that I knew and you know too" showed the marvelous range of her voice. The last selection, "Ave Maria," by Gounod, made a splendid climax to an unusually good concert. All the artists were very generous with their applause.

Mr. Youngberg, who has been absent six weeks on a business trip to Calgary, returned on Saturday.

John Lightning, a treaty Indian, was up before local justice of the peace on Tuesday for drunkenness.

and drunkenness at the big celebration day before. He was fined \$15 and costs or given the option of two weeks at Fort Saskatchewan.

Robert Dinning, of the east line, was a holiday guest in town.

Wetaskiwin, May 25.

FORT SASKATCHEWAN.

Rev. A. Forbes, M. J. Boddy and Miss Florence Squarings, and they will continue their journey to the coast on route for Neudland, where Mr. and Mrs. Forbes are going to spend a well-earned holiday.

Miss D. J. Simms entertained some thirty young people, of Wednesday evening. Miss Eva Good, of Edmonton, being the guest of honor, returning to her home this morning. A pretty wedding took place on Wednesday evening at seven o'clock in the home of Mrs. Buchanan, senior, when her son Allan was married to Miss Agnes Hamilton, daughter of Mr. and Mrs. James Hamilton, of Minnedosa, Manitoba. The bride was prettily dressed in white satin and white trimmings. Miss Mary Shaw, niece of the groom, was bridesmaid and looked pretty in her simple blue, maine dress, which Stanley Hamilton, brother of the bride, supported the groom. Rev. Alexander Forbes performed the ceremony, after which a large number of relatives and friends set down to a dainty supper. Mr. and Mrs. Buchanan have taken up their residence on Government street.

as a satisfactory finish. The gate receipts amounted to \$740.

The members of the Roman Catholic Church, here, have wanted the building formerly used for the Victoria Restaurant, on Ross street, where they will hold their church services temporarily.

John Symington, of Manitowish, is in the Fort today, a guest at the Queen's Hotel, and, returning acquaintances in the Fort and is the guest of Mrs. Hiram Staples.

Corporal Miller, Constables Aylesworth, Bates, Johnson, Williams, Mitchell and Treadwell arrived here from Regina on Wednesday and will leave for the north this week.

Fort Saskatchewan, May 25.

Mr. Henderson, of Winnipeg, who has been visiting her mother, Mrs. Henderson for a few weeks, left for home today. His daughter, Miss E. Henderson, of the primary department in the school here, spent the weekend and over the holiday, visiting relatives in Swiftcurrent.

Mr. M. A. Wallace, teacher of the primary department in the school here, spent the weekend and over the holiday, visiting relatives in Swiftcurrent.

and were the guests of Mr. and Mrs. J. B. Adamson.

Rev. C. C. McLaughlin, provincial superintendent of Baptist missions in the north, is expected to preach at the Oddfellows' Hall on Sunday evening next.

Mr. F. McKellar, a former resident, but now of Winnipeg, is receiving acquaintances in the Fort and is the guest of Mrs. Hiram Staples.

Mr. and Mrs. A. Allison, of Edmonton, spent Monday in town.

Frederick Wainwright, of Brockville, Ont., has visited Norman Murray's residence. Mrs. Wainwright and daughter arrived from the east on Sunday.

Wainwright, May 25.

Garfield Jones attended the sports at Fort Saskatchewan on Monday.

R. C. Currie is visiting in Edmonton this week.

A. C. Brown left for a couple of months' holiday in Winnipeg on Tuesday.

Miss L. Darroch, who has been visiting her sister, Mrs. H. V. Fieldhouse, during the winter, left for Calgary on Monday.

A number of the townspeople attended the Methodist picnic by the members of the Campbell Lake district on Monday.

COR. JASPER AVE. AND SECOND ST.

EDMONTON'S FOURTH PUBLIC SCHOOL

The Corner Stone of the New Norwood School, to be Erected at an Estimated Cost of \$20,000, Laid Thursday By Mayor Woodward, Grand Master, in the Presence of a Large Gathering of Catholics, Under Impressive Masonic Ceremonies—Premier Rutherford Present and Delivered Address—New School To Be One of the Finest in the Province.

With the approaching week, "Well made, well built, well planned, and truly the finest of its kind," the handsome new Norwood school at the junction of Kensington avenue and Wood boulevard, which had yesterday afternoon by Rev. Mr. Horton, the newly elected most worshipful grand master of the Masons of Alberta. The ceremony was participated in by the members of the Grand Lodge, who marched out in procession, headed by the St. Roches for the first time, presented a very imposing appearance on the beautiful spring afternoon. The ceremony was watched by a large number of people, including the members of the public school board, their wives and many other ladies.

It was about half past four when the procession reached the school, a bus was having been rented for the unexpected delay in the Grand lodge work during the ceremony.

The Ceremony.

When the brethren had gathered around the corner stone, the laying the stone was begun after the most worshipful grand master had received his pleasure at being present. The grand chaplain, Rev. W. R. George, invoked the blessing on the undertaking. Then the most worshipful grand register read the inscription on the scroll and deposited it in the receptacle under the stone. Next the most worshipful grand master placed underneath the scroll containing the vision of the foundation of Canada, after which the corner stone itself, of Kensington granite, was set in place.

Then it was tested and found to be laid in accordance with the office of Masonry, after which the celebratory cups were consumed and the wine and oil spilled upon its top. The closing of the approval was pronounced by the most worshipful grand master. This was followed by two short addresses.

The Addresses.

The most worshipful grand master spoke briefly. It was a great pleasure for him, he said, to be present and lay the corner stone of the fourth public school of Edmonton. It was a pleasure to him in several ways, because for 24 years he had been

JAS. MC CAIG, M.A.
The Energetic Superintendent of City Schools, One of the Farthest Educationists in the Province.

their undertaking to erect such a handsome school as the present one. Early a year passed out the corner stone was laid for a large new school in Edmonton and in fact, was laid for this would be the annual event for years to come. This gave a special kind of evidence of the growth of the city.

Great interest was being shown all over the province in the education of

and the necessity that it was well put. In connection he congratulated the city upon the successful inauguration of this work and prayed for its speedy completion.

The Premier's Address.

Premier Rutherford was then called upon. There was very little to add, he said, to the beautiful ceremony and the remarks of the most worshipful grand master. The school trustees were to be congratulated upon

the beautiful ceremony. The school trustees were to be congratulated upon

The following articles were placed in the ceremonially sealed box underneath the stone:

Grains of the province of Alberta. A set of postage stamps given in use in the British empire.

The Edmonton school report for 1925.

The Edmonton Bulletin.

The Edmonton Journal.

The Saturday News.

The Courier and Post.

The Alberta Herald.

And a scroll.

The new school will be the best equipped, best and most modern in the province, which Edmonton now possesses. It will be built of pressed brick with full front of granite, a concrete block material which is being imported from Ontario.

The building will be three stories high with full basement. The classrooms will all be on the two lower floors and will be ten in number. On the top floor will be the auditorium room seating 300 people.

The basement will be the lavatories and the girls' and boys' recreation rooms. The working staff will be completely complete with respect to building room for teachers, library and reading rooms for the pupils.

The aim of the school board is to offer the best advantages for the children of the city.

The school will cost upwards of \$20,000.

The architect is Roland W. Balfour, who has a large number of men employed on the building.

The silver framed of unique design, used in the ceremony, was the work of A. Bruce Fowler, who did both the designing and the engraving.

One of the first buildings to be erected in the Norwood school, erected by Alex. Buchanan, St. George, who has been succeeded by

WATER AT 2,000 FEET.

Geological Survey—Predicts Supply in South Dakota at That Depth.

Deadwood, S.D., May 28.—Can a man predict successively that water will be found in a certain rock at a depth of 2,000 feet? He can, if the information is derived by the United States geological survey parties.

The Black Hills region is a dry country and the water problem serious. Several years ago the Burlington and Great Northern railways, in order to be able to do so, made a study of the underground conditions. N. H. Davis, a survey geologist, who spent several years studying the geology of the Dakotas, made the prediction that there would be a large supply of water at a depth of 2,000 feet.

Water of good quality was found in sandstone known as the Deadwood formation, and at a depth of 2,000 feet the flow of the well amounted to about a million gallons a day under a pressure of twenty-five pounds. Several times the pressure of the water was on the point of quitting, but they were urged to continue, the prospect being, constant, that the prospects warranted drilling to the bottom of the well.

Water of good quality was found in sandstone known as the Deadwood formation, and at a depth of 2,000 feet the flow of the well amounted to about a million gallons a day under a pressure of twenty-five pounds.

Several times the pressure of the water was on the point of quitting, but they were urged to continue, the prospect being, constant, that the prospects warranted drilling to the bottom of the well.

CORRESPONDENCE

WHO IS RESPONSIBLE?

Editor Bulletin.

Sir:—While passing up Ottawa Avenue this morning at 8.20 I noticed sixty-two men sitting on the road doing nothing, and apparently they were succeeding admirably in their work. Twenty-five more were sitting on the same occupation. The writer was told that they were waiting for their work to be laid out for them, or until some body got a large amount of money, to measure something somehow.

The writer was then told that they were waiting for their work to be laid out for them, or until some body got a large amount of money, to measure something somehow.

The writer was then told that they were waiting for their work to be laid out for them, or until some body got a large amount of money, to measure something somehow.

It involves no more effort and comparatively little mere expense to get a good suit or overcoat, than it does to get an ordinary unsatisfactory sort of garment. It is merely knowing what to get, and where to get it.

To-days foremost clothes are

Fashion-Craft

STANLEY & JACKSON

Edmonton.

"Jagger pants used the safest underwear for spring; no collars; no chafes; no require a change of underwear."

For the last five years, the actual mortality was only 47% of the amount expected. And the interest income exceeded the mortality by \$108,103.

With an expense ratio to income smaller than its competitors, with a yearly expanding interest income, and a favorable death rate, it is but natural that *The Mutual Life of Canada* is earning more profits, which go to the policyholders in reduction of their premiums.
